

**Lift your gaze to  
2030**

# What is BoardScan?

- BoardScan is a governance evaluation framework purpose built for the social purpose sector. It blends smart technology with the insight of our highly experienced governance consultants to give your Board a clear, evidence based view of its performance. Through a simple, structured survey, it measures capability across the key dimensions shown in the portal screenshot, highlighting both the strengths you can leverage and the areas that need attention. It turns instinct into insight, and insight into action.
- BoardScan includes a library of templates and questions that are tailorable to meet your Board's distinct priorities in alignment with our best practice governance framework.
- BoardScan supports performance tracking over successive reviews across the framework, helping boards monitor progress and measure improvement over time.
- BoardScan uses a whole of system approach by capturing insights from both Directors and Management, illuminating alignment or divergence between governance intent and executive experience offering a balanced, system-wide perspective.
- BoardScan goes beyond ratings, providing evidence-backed insights linked to actionable learning and practical recommendations.

# About Govern for Purpose

## Our sole focus is to strengthen governance and improve social outcomes

We are a national social enterprise with more than 20 years experience supporting boards in the social sector.

To each assignment, we bring unparalleled and extensive knowledge of the challenges and opportunities facing boards. Our deep understanding allows us to deliver practical, purpose-driven solutions.

Through a comprehensive suite of tailorable products and services, we assist boards to build optimal composition, strengthen capability, and enhance overall effectiveness—ensuring they are well-equipped to navigate complexity and lead with confidence.

## We focus on an uplift in governance for your organisation

Through focused conversations with you, we tailor our Board and Director performance and succession planning tools **to meet your board's unique needs**. Our constantly growing library of templates and questions can be tailored to the needs of the individual Board and sub-sector. These templates are aligned with established governance principles, including those from Australian Institute of Company Directors, Australian Charities and Not-for-profits Commission and the Australian Securities Exchange (ASX) Corporate Governance Council.

## We apply a whole-of-system approach

Our platforms **compare Director with Management team perspectives to identify areas of alignment or divergence between governance intent and operational execution**. This dual-lens approach provides boards with a clearer understanding of how governance expectations translate into organisational practice—offering a balanced, system-wide perspective to inform more effective oversight and decision-making

## We apply unique lenses to assess your board's collective capability

We take a distinct approach compared to traditional models. While we assess the core elements of governance such as processes, structure, and compliance, we also examine the Board through a holistic lens. This includes analysing diversity across the board – diversity of skills/experience, thinking, director operating styles, lived experience and the perspectives each member brings to decision-making. **By incorporating these broader filters, we're able to deliver deeper insights into the Board's collective capability, cohesion, and its capacity to govern effectively in complex environments.**

## Beyond metrics – we turn insights into action

Our review goes beyond ratings to offer a more holistic view of board performance. We deliver insights that illuminate not just how a board is performing but highlight patterns of behaviour and dynamics and contextual factors at play. **These insights are converted into actionable learning and practical recommendations, enabling boards to translate findings into meaningful progress.** This ensures that improvement is not only measured but also actively supported through informed decision-making, targeted development, and sustained capability-building.

# The Fine print (terms & conditions)

## **1. Offer Period**

The February 2026 offer provides a 20% discount on Govern for Purpose's BoardScan service for all agreements signed between 2 February 2026 and 11:59pm, 1 March 2026.

## **2. Commencement Window**

Clients must commence the BoardScan process on or before 31 August 2026. No extensions will be provided. If the BoardScan process has not commenced before 31 August 2026, final payment will be due no later than 30 September 2026.

## **3. Payment Schedule**

An initial payment of 50% of the total fee is due 30 days after receipt of invoice.

## **4. Transferability & Changes to Scope**

Services under this offer are non-transferable. Any changes to the standard BoardScan process must be:

- mutually agreed by both parties;
- submitted in writing via email; and
- confirmed at least 30 days prior to the commencement deadline (i.e. before 31 July 2026).

## **5. Lapsed Commencement**

If the service is not commenced by 31 August 2026, and delivery is pursued after this date, the full standard rate will apply and an additional invoice will be issued for the price difference.
